## PROFILE

Experienced in HTML, CSS, Bootstrap, PHP, Dot Net MVC, C#, Selenium, MySQL, Dart, and Flutter, I am dedicated to crafting exceptional web and app experiences. With a keen eye for detail and a passion for innovation, I excel in delivering high-quality solutions tailored to user needs.

## EXPERIENCES

### PROJECT: MAJU TRACKMATE APP

May 2024 - Present

Maju Trackmate is a comprehensive mobile app developed using Flutter, Dart, and Firebase to enhance the student experience at MAJU. It assists with class and exam location, lab availability, event updates, semester rules, and faculty class schedules, providing real-time information and improving campus navigation and convenience for students.
